UPSC

MGP 2026 → GS - Ethics → code: 914219

Candidates must not write on this margin

empathy & compassion

1) Down to earth & POV w/ vast wealth disparity

2) Quality & service w/ citizen centric

3) Actions that are just & ethically right in low absence

4) Vast impact & geographical length & disparity

5) Day-day activities involves dealing w/

2) a) Empathy refers to quality of being to put oneself in the others situation in order to feel & understand their situation whereas compassion refers to being empathetic along with a motive to take some action to alleviate their predilection & situation.

Given the vast stretch of India and diversity in every aspect of life, it is essential for public servant whose time mainly spent on dealing and improving conditions/situations of people as such, empathy and compassion are indispensible as follows.

15 min

1) Right course of action in cases of ethical dilemmas that is just and morally good

Ex:- Taking all and every means to get the ration delivered to a migrant labourer who might not have proper documentary proof to establish eligibility

2) Improving Quality of service and bringing citizen centric government that improves administration for the good and increases efficiency

Please do not write anything except the question number in this space)

UPSC

Candidates must not write on this margin

3) Upholds and promotes equality, distributive justice and fairness in the society that reinforces fundamental duties & rights and welfare state promises

Ex:- Actions and regulations to make sure caste discriminations are dealt with utmost punishment and clear precedent for future repitition

4) Vast impact and drastic changes can create the decisions of the civil servants in the lives of citizens as such they must be just, empathetic and fair.

Thus, compassion and empathy are indespensible to the day-day public administration as well as the policy formulations that can promote the promises our constitution provides.

"Public administration without compassion & empathy is just coercion"

(Please do not write anything except the question number in this space)

UPSC

Candidates must not write on this margin

(b)

> Ethics refers to a set of rules that a society adopts for itself to evaluate wether an action is morally good (or) bad.

> Ethical governance refers to the governing according to the established norms, code of conduct, ~~that is~~ code of ethics as well as morally acceptable course of actions that can bring greater societal good.

> characteristics of ethical governance

1) citizen centricity - consensus oriented
2) ~~con~~ Transparent and objective
3) Responsive and accountable
4) Rule of law
5) Effective, efficient and empathetic
6) Equitable and fair
7) Participatory oriented

Steps taken to promote ethical governance

(1) RTI to promote transparency and accountability

2) ~~CPGRAM~~ various redressal mechanism to improve service delivery

Ex:- CPGRAMS

Ethical
↳ Established norms & regulations code of conduct
⇒ Moral

Measures
> CPGRAMS
> ~~Mid career training~~
> ~~Role model~~
> RTI
> sensitisation about vast disparities
> ~~Code of conduct~~
> SIO ⇒ Immunity
> citizen charter
> weberian hierarchy to reduce corruption
> Awardings
> CVC

Please do not write anything except the question number in this space)

UPSC

Candidates must not write on this margin

3) code of ethics and code of conduct to guide public administrators to act ethically

4) various auditing, supervisory and watchdog institutional mechanisms to catch irregularities

(Ex)= CVC, CAG etc,

5) Implementing and preparing — citizen charter and standards of Quality of service to improve service delivery.

6) constitutional immunity to civil servants to wade undue influences and pressures

(Ex):- Article 310, 311 provides for their protection.

15 min

Thus ethical governance promotes the utopian worlds expounded at various times as 'Suraj' by Gandhi in 'Yogakshama' by Kautilya, which promotes the servottem ethos of our society

2a) > Duty refers to the obligation imposed on someone as a part of the social contract or personal contract which is expected of him to execute.

> This quote captures the dedication and sense of diligence that a civil servant should embrace in their lives in order to attain highest perfection or satisfaction in life

Yet it capture basic dilemma or tension in adhering to one's duty or work as follows

Devoting to one's duty promotes Reinforcing perfection of the good:

1) Improves efficiency, effectiveness and cohesion when one does their duty devoutedly

2) Executes the responsibility reposed on him/her that increases public trust and promotes integrity

3) objectiveness without letting the subjectiveness to cloud our judgement and course of action

4) promoting honesty, accountability, inspiration and creativity when one is

Please do not write anything except the question number in this space)

UPSC

Candidates must not write on this margin

devoted to one's duty that promotes personal satisfaction and the sense of fulfilment

Devotion to duty can work backwards for the bad:

1) single minded application of one's duty obligations can remove empathy, compassion and ~~human~~ fairness

2) may adversely effect conflicts with professional and personal obligation when that fine line of balance is not ~~perfect~~ maintained

3) ×consciencelessly public relations are which promotes discord blw responsibilities and per fulfilment may be incompatible

4) cognitive dissonance when one's own ethical & moral values are not aligned with the duty at hand

This devotion to one's duty can promote perfection and Nishkama karma virtue as such to make them lead to personal fulfilment we need to make them ethically grounded and compatible

(Please do not write anything except the question number in this space)

UPSC

Candidates must not write on this margin

b)

> conscience refers to the intellectual disposition and action of mind according to the value system one said to be possessing that can be used to morally judge an act as good (or) bad.

conscience is more reliable than laws, rules & regulation

① laws, rules and regulations are always incomplete and void in many situations and dilemmas

② many laws are prepared according to prevailing state of society which can be regressive and unjust (eg: Apartheid regime)

③ Improving existing laws, rules and regulations when applied with inner conscience for the condition at hand

④ Reason and rationality nudges the person to become better version of himself and transend his animal instincts

⑤ conscience is immutable as such it guides each and every decision of the intellect mind which can promotes consistency & coherency

> What it is
- ① Incomplete
- ② Regressive (or) unjust
- ③ promoting justice and equality in a relative sense (Imperfect) Apartheid
- ④ Reason & transendaning

conscience exist
- ① wrong conscience due to various conditioning.
- ② chasm (or) disorder in the institutional
- ③ we do not hear it out clearly (or) permenant impairment of it

Please do not write anything except the question number in this space)

UPSC

Candidates must not write on this margin

crisis of conscience

① one may posses morally and ethically wrong conscience due to - various conditionings and upbringings.

② one may not listen to the voice of conscience consistently

3) one may create discord in the functioning of system by acting with conscience than following rules and laws.

4) permenant impairment of moral conscience due to repeatedly shuttingoff

20 min

Thus conscience can improve and increase effectiveness of a course of action by making them socially and personally consistent and morally grounded with sound ethics.

5(a)

> Public sectors are by design and philosophy established to promote welfare of the country citizens and promote distributive justice with equality and equity over single minded mandate of pursuing profits

Ethical issues involved in outsourcing the strategic decision-making.

(Please do not write anything except the question number in this space)

UPSC

Candidates must not write on this margin

profit vs distribu
2 Accountability
3 fairness & equality
4 Voilating
5 Transparency & objectiveness
6 personal bias & consultancy firms
7 No trail trace & decision mak
when wrong then morally ungrounded & wrong
8 voilation citizen trust & confidence

1) profit motive over distributive justice mandate of public sector companies

Ex:- outsourcing to climate ~~other~~ insurance policies for poor & vulnerable

2) Lack of accountability fairness and institutional framework to course correct

Ex:- Inaction on the train accident faults

3) Reduces transparency and objectiveness with sound moral & ethical & constitutionally mandated ethos. that can promote inequality

Ex:- ~~accountability and~~

4) Data privacy and consent concerns as well as the ~~security~~ sovereignty and integrity concerns

5) personal bias, prejudices and ideologies being added into the mix which can reduce objectiveness of decision making

6) voilation of citizen charter promises, quality of service and confidence in government decision making & institutional framework.

Thus. the ~~out~~ rampant outsourcing in vogue today can bring in some negative consequences to society as much as it brings the virtuous outcomes.

b) Civil servants enjoys a lot of power and discretions which can impact a large section of society and communities as such they are poised to become a active facilitator of growth than a mere regulator for holistic growth

Specific measures to achieve the goal:-

13 min

1) Implementing and mandating citizens charters and quality of service that the institution should strive for than mere laws technocratic

2) Rewarding innovation and creativity of public servants via various who goes beyond just program implementation.

3) Upskilling and encouraging the inquisitiveness in the public administrators that can be done through sabbaticals, foreign study tours, mid-career training and role model signalling

4) Bringing in lateral entry from experts via various fields of society as business, science, technology, academia etc, to improve efficiency and effectiveness

5) Business process Reengineering with the ulterior motive of promoting holistic development of country

(Please do not write anything except the question number in this space)

UPSC

Candidates must not write on this margin

6) Re working the performance appraisal reports to incuse special incentives for being enablers than regulators

7) Breaking silos through synergetic overlapping of various departments invowed and instilling a sense of enabling tendency in public administrators.

with these measure we can strive to reach the goal 'su rajyam Rajya' as envisioned by the fathers of our nation & that makes India a holistically developed country.

Ans)

The case presents the dilemma between national development and adoption of sustainability whilst exploiting its resource base and maintaining - ecological biodiversity at mining place as well as respecting tribal customs, culture and traditions, to make them mainstream into nation-building.

Ethical issues invowed :-

① Development imperatives while respecting and maintaining inclusivity of tribals into nation building to wade against tyranny of majority

② Balancing utilitarian principle with empathy and compassion & empathy towards tribals

Ethical
Dev imperatives vis Respecting customs, trad culture of tribes
② Sustainable dev. for min whilst destroying ecological biodi at one place
③ Not strategic resource exploitation while taking inclusivity
④
course of action
① Engage and take everyone on to trope
② Exploring ways to regenerate threatened people to gain

Please do not write anything except the question number in this space)

UPSC

Candidates must not write on this margin

Gandhi's talisman

3) Rights ~~and~~ do of tribals to own up to their resource and distributive justice and fairness towards exploitation

4) prospects of tribals turning towards naxalism because of systematic and institutional ~~as~~ apathy and indifference towards them and their habitat

5) Fair distribution of fruits of development

(b) Raveena's course of action

1) Engaging with all stakeholders and tribal leaders to take them into confidence about prospects of the project

2) Exploring alternative/ ways to reconcile for the loss/negative impacts like reforestation, relocation of tribals to any ~~s~~ similar ~~one~~ place, ~~working over to make sure tribals get~~

3) Making sure tribals get a share of the money made out of ~~this~~ the mining in order to provide for their collective development

4) Educating and providing ways for tribals to become mainstay in dev. prospects

(c) I would suggest following measures.

1) Making tribals a stakeholders and profit sharers in the mining process

2) Special developmental package to provide tribals all the basic amenities, education and healthcare facilities

3) Engaging NGOs, missionaries and civil society organisation to make them understand the scope of the project and build support from ground up.

4) Dissauding any attempt to unilaterally changing status quo without dialogue and discussion.

30 min

Thus, we need to find the golden mean between the two extremes of full scale mining for national development and missing out on resources that can greatly contribute to strategic prospects and sustainability to achieve SDGs and we can apply Gandhis talisman to solve this situation

Dilemma
① Nexus
② Inst corruption
③ personal gain
④ Public ethics
⑤ personal safety
⑥ career
⑦ public empathy and compassion
⑧ pressure to remain career
⑨ his wife vis handsome reward

The case represent the interplay between mismanagement and unethical conduct and professional career advancement as well as voilation of various codes and rules due to remaining silent against an institutionalised phenome. corruption

(a) Ethical dilemmas faced by bhaskar

1) Nexus between politicians, bureaucrats and ~~exo~~ middleman in the exam leak process versus the enormous power asymmetry bhaskar having

2) Institutionalised corruption versus personal integrity, honesty and public code of conduct of organisation

3) personal gain as in career growth and his father's treatment versus ~~em~~ against universalised principles of impartiality, transparency, honesty and ~~of~~ objectivity

4) Rewarding meritocracy in conflict with ~~bur~~ institutional apathy and corruption

5) private ethics as in his wife being bureaucratic in conflict with public ethics & morals of empathy, compassion and distributive justice

6) personal ~~Safety~~ Integrity versus public outcry when news comes out ~~morality~~

Please do not write anything except the question number in this space)

UPSC

Candidates must not write on this margin

(b) options available to Bhaskar

1) Remaining silent and ~~let~~ hushing the matter up. by heeding to PS and politician

2) ~~Re~~ Escalating the matter and recourse to institutional framework

3) whistle blowing all the irregularities happening

4) letting the journalist publish the scoop ~~and leak~~

5) ordering and internal enquiry to establish the trail and cancelling exam by taking said politician into confidence while being transparent to public about process.

(c) critical examination of each option:-

1) Remaining silent

Merits

① personal ~~safety~~ and incentives assured

2) potential political fumble avoidance and not attracting any pressure

3) poll promises kept intact while ensuring required doctors posts filled for patients to access healthcare

Demerits

1) voilates morals of impartiality, honesty, integrity and fairness

2) Public outcry and loss of trust

(Please do not write anything except the question number in this space)

UPSC

Candidates must not write on this margin

3) personal conscience dissonance as well as violation of principles of natural justice

4) violation of non-Maleficence principle of medical ethics

5) legal issues

2) Escalating the matter to higher up

Merits	Demerits
1) power asymmetry can be solved for 2) Impartial and institutional mechanism to fix up problem 3) Establishing transparency and impartiality and public trust 4) Dealing with established legal framework	1) seen as avoiding responsibility and accountability 2) compromise at the higher levels 3) potential discord and flake within organisation 4) personal safety and career prospects

3) whistle blowing irregularities

Merits	Demerits
1) Establish personal integrity and honesty 2) Establishing and rewarding meritocracy as well principles of natural justice 3) Upholding public ethics and morals by heeding to conscience	1) Lack of whistleblower framework with a potential rebuke and pressure 2) personal safety can be at risk 3) career growth may get stalled 4) personal and marital discord due to.

Please do not write anything except the question number in this space)

UPSC

Candidates must not write on this margin

5) ordering internal probe and holding appointLetters.

Merits	Demerits
1) Establishes accountability and public trust 2) principle of natural justice can be upheld. 3) Institutional and organisational precedent for officers to follow suit 4) public pressure and democratic principles can be upheld	1) Rebuke and political pressure 2) personal safety and incentives 3) power asymmetry can be used to stifle the probe.

(d) option 5 would be appropriate as it would have following

(1) Establishes utilitarian principle along with upholding principles of natural justice

(2) Establishes principles of accountability, integrity, transparency and distributive justice with fairness

(3) constitutional ethos and professional ethics are upheld.

(2 mi)

Thus by following we can reinforce public trust and upholds the gandhi's talisman along with reward meritocracy and distributive justice.
